

## *VAK Learning Activities*

Put each box in the right place in the empty table

Task	V - Visual	A - Auditory	K - Kinaesthetic
Learning new things in lessons			
Revising and Practising Learning			

## VAK Learning Activities

These are the items students have to sort and put into the blank table.  
Just cut out the text boxes....maybe laminate.

Thinking Skills

	12. Make <b>rhymes</b> and raps.	3. Get busy with <b>Practical</b> activities ..... experiments... sorting cut-outs from a Worksheet.	5. <b>Highlight</b> key points in your Exercise book..... add your own pictures and decorations.
	6. <b>Trace words</b> & images on paper and in the air... forwards and backwards.	7. <b>Teach</b> your learning to someone else.	11. Make up a new word from the first letters.... eg HARPECKS.
	4. Look at <b>shapes</b> of words..... and words within words..... ...like sep <b>ARATE</b> .	9. Read your learning <b>out loud</b> .... get someone to ask you <b>questions</b> , and give verbal answers.	2. Make a <b>Mind Map</b> or Spider diagram.
	10. Write your learning on <b>cards</b> and post-it notes and <b>move</b> them about.	1. Split new words into <b>chunks</b> ..... " <b>ee-lek-trik</b> "... say each chunk out loud.	8. " <b>See</b> " the items and put them in a pattern.

**Teacher's Guide !!! - the answers - just for you to check you've got it right !**
